Interactive Whiteboard Strategies for Effective Instruction – Intermediate

Date 5/10/2011

Instructor: Carol Kane

AGENDA

This workshop provides step-by-step basic hands-on instruction in the ActivInspire software. You will build knowledge of the basic tools, explore the resources available, import Resource Packs, and discover online resources available to support implementation.

Students will use ActivInspire to

1. Add shapes, change color, size
2. Use the connector tool
3. Use the ActivInspire tools with other applications on your desktop
4. Hide ActivInspire and use the Desktop to use tools such as Camera and Screen Recorder
5. See all of my flipchart pages, move a page, delete a page
6. Get to the Resource Browser to add images, backgrounds, and other media
7. Access additional tools
8. Open another flipchart, save a flipchart, get “Help” on a question
9. Switch my profile to have quick access to the tools I need
10. Removing borders from around pictures
11. Use the Action Browser to create a motion or action on slides of flipchart
12. Command Actions: Area/Fullscreen Recorder, Calculator, Design Mode, Magic Link, Note Browser, Object Browser, XY Origin
13. Page Actions: Another Page, Clear Page, Copy Page, Cut Page, Delete Page, First/Last Page
14. Object Actions: Extract Text, Grouped, Hidden, Locked, Send to Back
15. Document/Media Actions: Open Document, File or Sound, Open Website

Session Flipchart:

- Basic and Review Flipcharts
- [tips_and_tricks_inspire.flipchart](#), [Containers_CK.flipchart](#)

DO NOW

1. Participate in a group and prepare a flipchart to teach three Activtips to class
 - a. [ActivInspire Videos](#)
2. Collect and create a flipchart with Resources for your Teaching Unit

SESSION RESOURCES

1. [Interactive Whiteboard Links](#) Here are some links that can be powerful whole-group instructional tools when used on an interactive whiteboard. These are grouped by subject area and subdivided by grade band. These resources are provided **FREE**.
2. [Interactives](#) - Great resource to use on your interactive board. There are interactives in all grade levels across the curriculum.
